

Local Notices to Mariners

LNTM No.	039/2021
Subject	COVID 19 – 23 August 2021 - Visiting Leisure Vessels

23 August - Visiting Leisure Vessels

If you are **fully vaccinated and 14 days have passed since your second vaccination**, there will be no isolation or testing requirements if you are **arriving from the Common Travel Area**. This means you will be in the “blue channel” travel category. Accepted proof of vaccination status can be found here [COVID Status Certificates \(Vaccine Passports\) | States of Guernsey - COVID-19 \(gov.gg\)](#)

The Common Travel Area (CTA) includes the United Kingdom, the Bailiwick of Guernsey, the Bailiwick of Jersey, the Isle of Man and the Republic of Ireland.

Any **fully vaccinated adult** who had their vaccination administered in the Common Travel Area (Guernsey, Jersey, Isle of Man, UK or Republic of Ireland), EU or EFTA (Iceland, Norway, Liechtenstein and Switzerland), will be classified as Category 2 if they have travelled anywhere outside of the Common Travel Area in the previous 14 days – **as long as they have not spent any time in a country on the UK’s ‘red list’**.

If you are **not fully vaccinated** or if you have had both doses of vaccination but 14 days have not passed since your second dose, then country and region categories will apply as normal. More info on categories can be found at: <https://covid19.gov.gg/guidance/travel/countries>.

It is important to note that **Public Health will still apply overrides to country or region listings if it has any concerns. This CAN include countries/regions within the Common Travel Area.**
